Clinical Statistics for Wound Healing Products

GERMANTOWN, MARYLAND – April 2005 - Amarex is please to announce their first appearance as an exhibitor at the 15th Annual Meeting and Exhibition (May 2005) of the Wound Healing Society. Kazem Kazempour, Ph.D., Amarex's Director of Biometrics (former FDA statistical reviewer), will be available to share his experience with the preparation and management of clinical trials, and the presentation of trial results to FDA Advisory Committees, for wound healing products .
