DM SYSTEMS UPLOADS NEW WEB SITE

April 2005

Evanston, Illinois A totally redesigned web site for DM Systems, Inc., is now online at www.dmsystems.com. With an all-new look, the site is streamlined to be more user friendly and includes information on all the wound care, orthopedic and rehabilitation products available from the company.

The growing line of wound care and orthopedic rehab products from DM Systems includes original Heelift® and Heelift® Smooth Suspension Boots, Elbowlift® Suspension Pad, new Heelift® Traction Boot, CastWalker® Cast Sole, GaitKeeper™ Cast Shoe, CastWedge™ Cast Adjuster, new Adjusticizer™ Exercise System, Cadlow™ Shoulder Stabilizer, and AnkleTough® Rehab System.

Visitors to the site can view, in addition to product information and usage guidelines, informational videos on Heelift®, Elbowlift® and Cadlow™; testimonials from clinicians who use DM products; and downloadable literature PDFs, including the new full line catalog. A search function for national and international dealers and sales reps assists potential customers in locating a source for products. A literature request form and e-mail contact link are also included.

For more information visit the new web site or contact DM Systems.
